PROFESSIONAL WEBSITE SECURITY, PROTECTION
AND **AUTOMATED CLOUD BACKUP**

**AMS provides setup, installation and monitoring
for Only \$49/month or
\$499/year (and Receive 2 months free)**

Advantage Marketing is an authorized partner with Sucuri. We can install our basic website security platform to detect and protect your website security. Our services will provide you with peace of mind and the best security solutions when they are needed most. The benefits of our Sucuri package will provide monitoring and protection year round, without the hassle. Sucuri has eight targeted benefits that can protect the security of your website. Sucuri also features automatic cloud backups, supporting websites created on WordPress and Joomla!

8 Key Services	Features & Benefits
1) Automated Backups	✓ Keep your website backed up and stored in the cloud. We take precautions to ensure that your website has automated scheduled backups. Backups are retained for the previous 90 days.
2) Malware Prevention	✓ No website owner wants their website being used to infect online visitors. Whether it's to install a Trojan virus, or steal credentials to their social platforms.
3) Blacklist Repair	✓ Monitor and create a safe online experience for users. We integrate a number of the top blacklist API's allowing us to quickly see if your brand is being affected.
4) Malware Detection	✓ The Sucuri system provides continuous monitoring every 12 hours to help avoid malware.
5) Security Monitoring	✓ Scanning for malware is but one piece of the puzzle. There are a variety of other security-related events that you should be mindful of, like DNS and WHOIS modifications that you didn't perform.
6) Malware Cleanup	✓ We will support the cleanup of most infections, such as website defacements, backdoors, phishing or any other number of attacks. Cleanup is usually completed within 1 day.
7) Protection	✓ Distributed Denial of Service (DDoS) Mitigation attacks have increased in popularity. Often the attacker has to do little to cause your website harm. The goal is to disrupt your business by taking your website offline and staying ahead of these attacks.
8) Prevention	✓ Vulnerability Exploitation Prevention is the biggest contributor to website hacks today. These attacks come from insecure or older website code being exploited. The Website Firewall helps stop those vulnerabilities from being exploited.

**Protect your investment.
A must have for any business in today's world.**

*Restrictions may apply. Website must have direct access to FTP, TLS/SSL to install Sucuri. Each repair is taken on a case by case basis and may need additional time to resolve any blacklist issues.

DISCLAIMER INFORMATION ON BACK ►

For more information on any of the opportunities outlined here, please call Advantage Marketing Solutions at (248) 912-1285 or info@MarketingMich.com

Sucuri Plan Disclaimers:

(1) Install Sucuri. You agree to Sucuri terms and conditions and to allow Advantage Marketing to install on your website. Terms and conditions can be found at <https://sucuri.net/terms>. *Website must allow direct access to FTP, TLS/SSL for installation.

(2) We restore your website free of charge if security is breached due to malware we guard against. Our clients agree to maintain current (2015-newer) virus protection from any of the following providers (AVG AntiVirus Eset, Norton, McAfee, etc.) on all client devices that login to Advantage Marketing Solutions managed websites (i.e. desktops, tablets, smartphones) and to retain historical anti-virus logs for at least 90 days from last login.

(3) If initial website scan shows the website has already been hacked or compromised. Advantage Marketing will notify you of the charge to clean and repair your website.

• **Cancellation policy:** 30 day written notice is required if cancelling prior to the annual renewal date. An early cancellation fee of \$300.00 will be charged.

• Advantage Marketing Solutions is committed to the highest standards of website security. We reserve the right to inspect anti-malware logs for all devices and terminate service immediately for anti-malware protection non-compliance.

• Advantage Marketing reserves the right to cancel this agreement at any time.

• All plans require credit card on file for monthly or yearly billing.

• Taking steps like these to help prevent issues, however, there is no guarantee of being hack-proof. Even security experts and the largest of companies are hacked.

• Some restrictions apply and pricing plans are subject to change.

Payment Terms & Notifications: *Payments are pre-determined amounts. Services will be billed in advance to a credit card on file, for each respective month, based on information provided for goods and or services. *Prices and services offered are subject to change. Not all features listed apply to every site.*

Terms and Conditions: *Payment is due with order by credit card. Clients with Approved Credit Terms: Payments not Received within 15 Days from the Due Date are Subject to a \$25.00 Late Fee and a Service Charge of 2% Per Month on the Amount Due Plus Any Additional Costs Related to Collection. If client is incorporated the person signing has purchasing approval and guarantees of payment. Personal guarantee from the business owner(s) also applies as a secondary collection method.*
